

Toby's House Crisis Nursery

621 2nd Street South, Great Falls, Montana

October "Toby" Perez

About Toby's House

Toby's House Crisis Nursery is a local non-profit in Great Falls, supporting children aged 0-6 and their families since December 2020. It aims to prevent child abuse and neglect by providing crisis, respite, and transitional care. The nursery honors October "Toby" Perez, a victim of abuse, by offering a safe haven for families in crisis.

Despite strong community support, there are funding gaps to the construction of the building. Additional donations are needed to cover these construction costs, allowing the nursery to expand its services and create a safer environment for families in need. Any surplus from construction funding will be allocated to support the ongoing operations of Toby's House.
